

America Recycles Education/Outreach Workgroup Steering Committee Meeting Meeting Notes

*Resource Recycling Conference 2019
Monday, August 26, 2019, 10:00-11:00 AM (CT)
Sheraton New Orleans, Poydras Room*

Purpose/Desired Outcomes:

- Review and discuss workgroup priority action –development of domestic markets toolkit.
- Determine next steps for steering committee and workgroup members to ensure delivery of priority action(s), announcements, and communications products for November Summit.
- Discuss recommended additional workgroup actions for inclusion in *National Framework for Advancing the U.S. Recycling System*, anticipated to be released in November 2019, including the timeline for finalizing the actions and commitments in the Framework.

Action Items:

- Participants will follow up with specific organizations from which the steering committee would like input on the Survey Monkey.
- The Education and Infrastructure steering committees will meet to discuss the clearinghouse.

Meeting Notes:

Review of Education and Outreach workgroup goals

- The workgroup will put together resources for public and press audiences.
 - The resources will include positive messages in response to the negative press about recycling.
- Resources created by the Education and Outreach workgroup for the clearinghouse will include:
 - Positive recycling statistics
 - Materials specific statistics
 - Quotes from leadership
- The Recycling Partnership (TRP) sent a Survey Monkey to whole workgroup requesting information on positive recycling messages.

Update on results of Survey Monkey by The Recycling Partnership

- There were about 11 responses out of 50 active participants.
- The link and notice of extended deadline of 9/6 was sent out to workgroup.

- **Action item:** An additional 15-20 organizations were identified for the group to contact individually, including organizations representing specific materials, including steel, paper, cartons, and glass.
 - American Beverage Association will contact their members.
 - TRP will contact specific brands and retailers
 - EPA will contact US Conference of Mayors and National League of Cities.

America Recycles Day (ARD) and future actions for workgroup

- The workgroup will develop an infographic with positive messages by ARD.
 - TRP and GreenBlue will get back to group about a reasonable timeframe.
 - Tentatively draft infographic will be developed by 10/1.
- It was proposed that Education and Outreach work with Infrastructure group on the clearinghouse.
 - Education and Outreach workgroup could also use the top recycling challenge with limited resources identified by clearinghouse group to guide development of future materials.
 - 2019 messaging will be broad (Year 1)
 - 2020 messaging could be specific to the identified challenge or other theme as decided by the workgroup (Year 2)
 - **Action item:** schedule a call between the Education and Infrastructure steering committees to discuss outline of clearinghouse
- Potential future actions include developing a public service announcement
 - The workgroup was concerned about identifying funding for this task.
 - It could be a multi-part goal, the first year could be devoted to identifying funding with future years spent developing the announcement.
 - Alternatively, the group could agree to collectively push developed messages, not develop a specific national campaign.
 - For example, workgroup members could agree to use developed infographic and push out to people 4 times over 2020.
 - Flexible film was proposed as a possible example campaign material.
 - The campaign would be a wholistic intervention with messaging from processor to consumer (i.e., would cover whole supply chain).
- Possible timeline
 - 2019 we release infographic for workgroup members to use
 - 2020 develop a supply chain messaging campaign for a specific problem (connected with Infrastructure group)
 - 2021 use the created messaging campaign
- Joint editorial could be developed by workgroup that would be released prior to ARD or in 2020.

Next Steps

- Participants will follow up with specific organizations from which the steering committee would like input on the Survey Monkey.
- The Education and Infrastructure steering committees will meet to discuss the clearinghouse.
